Subject: "Eat Right" Movement initiated by FSSAI

Dear Sir,

The food companies have a vital role to play in helping enable healthier lives. The companies are committed to continuous product improvement and innovation, with the goal of making available food choices that help people eat a healthy and balanced diet. As part of our endeavour to ensure and provide safe and nutritious food to the consumer to balance their diets, we pledge to continuously work towards evaluating and improving the nutrient profile of our product portfolio

At Jubilant Foodworks, we are committed to serving our consumers best quality, safe and healthy food.

We hereby voluntarily pledge to initiate the following actions:

- Enable our customers to make informed choices by ensuring the availability of nutritional information and other product related information in the public domain.
- Continue to work towards ensuring safe, nutritious and healthy food products through a calibrated roadmap for reduction in fat and sodium in our products.
- Educate street vendors across the country on hygiene in collaboration with FSSAI.
- Ensure compliance of our restaurants to Hygiene Rating System and "responsible place to eat" scheme.

We endorse the "Eat Right" movement initiated by FSSAI and hereby fully support all initiatives that help communities enrich their lives with safer and healthier food choices.
