(200 ANMs)

• RUCO  
(Oct 2020)  
2MT/Month

# EAT RIGHT STATION

# SPECIAL CAMPS IN COLLEGES

# OBSERVATION FROM EXPERIENCE IN IMPLEMENTING EAT RIGHT INITIATIVES

- Right way of implementation of provisions of Food Laws.
- Changed the eco system
  - There is now awareness among general public/ School children's.
  - They came to know about the platform where they can get information about safe & nutritious food and get the things tested at their doorstep and submit their complaints.
  - Institutions are now keen to be a part of Eat Right India Movement and to get themselves certified as Eat Right Campus.

# SUGGESTIONS:

- Special task force to be constituted of Nodal Officer from each department involved in Smart City Project, so that there should be better coordination among them.
- Every month there should be a review meeting of the work accomplished by each department, under the Chairmanship of Senior Officers of the District/ City to get better result in time bound manner.

*FOOD SAFETY IS A SHARED RESPONSIBILITY*

*Thanks*
